

# The new solution for electronic IDs and mobile payments

Use the new SECANDA app to upgrade your card/badge with an electronic ID and easy payments.

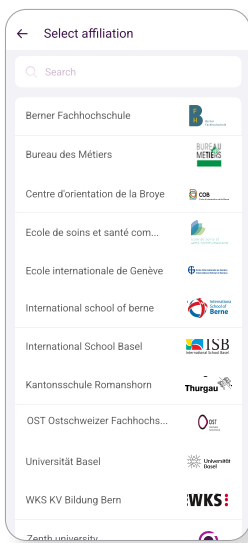

## Our solutions

# Advantages of the SECANDA app

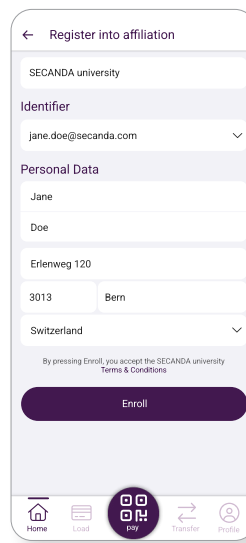

Targeting the specific needs of individual users and institutions, the SECANDA app streamlines payments and service management for an optimised experience.

## Affiliation

### Institution

Choice of affiliated institution, creating formal and beneficial links.

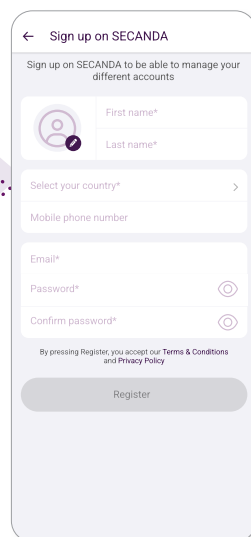

### Registration

Independent registration at the affiliated institution to facilitate the enrolment process.

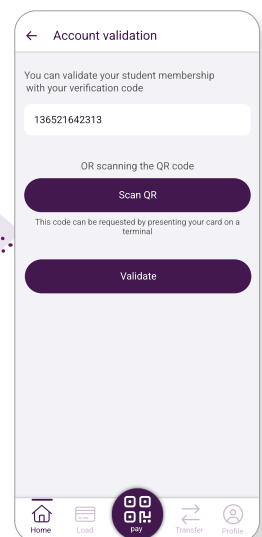

### Cashless

Configure accounts to authorise cashless payments for a convenient and secure experience.

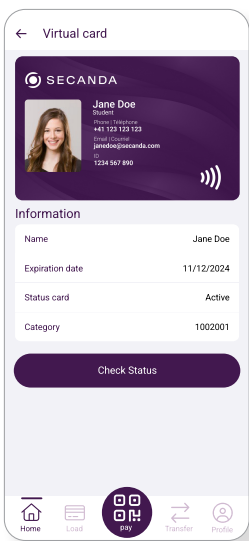

### Validation

Account ID verification and confirmation for guaranteed security.

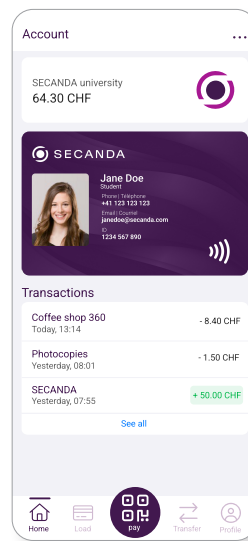

# ID

## Virtual card

Instant access to a virtual card and account details for easy management.

## Transactions

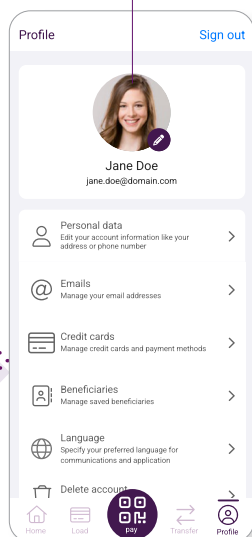

Comprehensive overview of all account movements, including every transaction.

Users can personalize their profile photo before it is validated by the establishment.

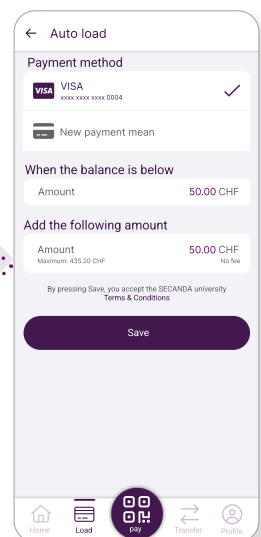

## Profile management

Profile configuration for easy, convenient management and a simplified user experience. Profile photo customization and block personal cards instantly.

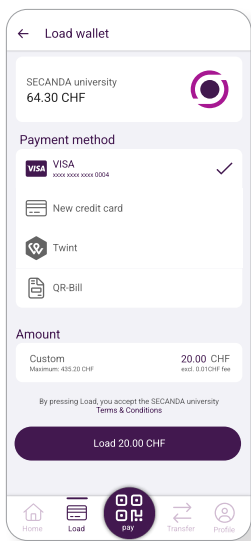

## Loading the account

Top up accounts quickly and efficiently for a seamless experience across all site services.

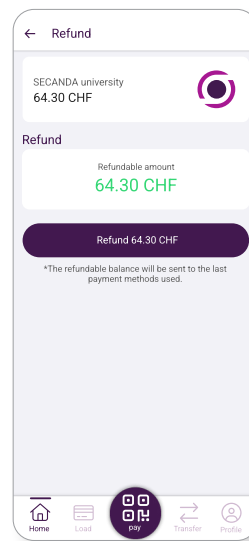

# Payments

## Payment methods

Store the most frequently used payment methods in a digital wallet.

## Refunds

Easily request an instant refund of the account balance.

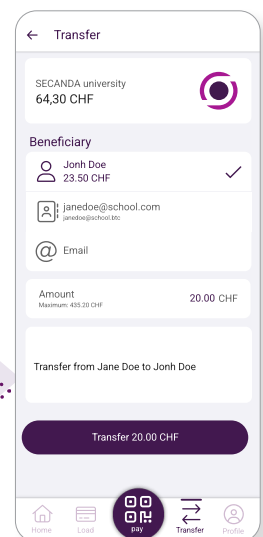

## QR code payments

Simplified transactions by scanning QR codes.

## Transfers

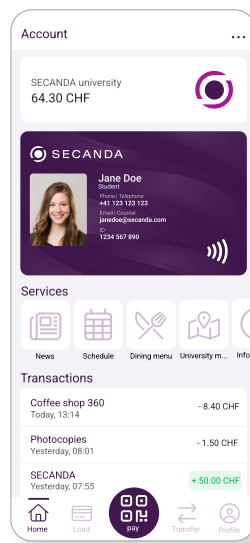

A fast and convenient solution for instantly transferring money to other accounts in a few seconds.

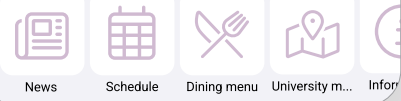

# Services

## Access to services

Access to a range of institutional services, including the latest news, schedules and weekly menus.

## Services

Services can be tailored to individual institutions.

## For administrators

### Administrative management

Reduced costs for user self-registration, streamlined procedures

### Monitoring and security

Proactive, real-time monitoring. Instant blocking in the event of theft or loss to ensure optimal security.

### Personalisation and transparency

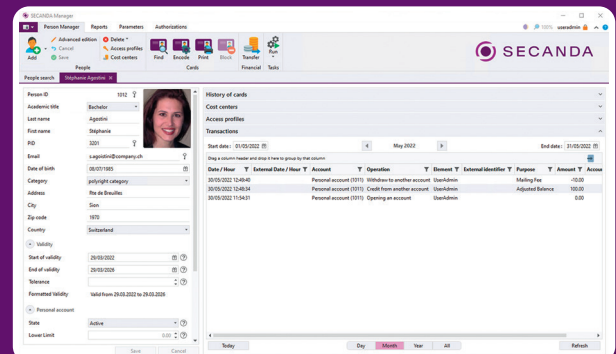

User-targeted discounts, transparency via real-time transaction history.

### Parent-child link

Option to link children and parents for easy account management.

### Sustainable and efficient

Optimised efficiency, safeguarding the environment for an eco-responsible experience.

# Mobile payments for a range of services

The SECANDA app can be configured according to the specific needs of each institution to centralise payments for a multitude of services.

## ID

Create an electronic ID (eID) and make secure mobile payments.

## Eating at the canteen

Pay at canteens, cafeterias and vending machines for meals, snacks and hot drinks.

## Printing services

Pay to use printers and photocopiers.

## Educational resources

Purchase course materials, access subscription-based online platforms, pay enrolment fees, tuition, etc.

## Sport and leisure

Pay registration fees for sports activities, rental equipment, etc.

## Events

Buy tickets for institutional events such as conferences, concerts, theatre productions, etc.

## Health services

Pay for medical consultations, tests, etc.

## Accommodation services

Pay for rental accommodation managed by the institution and associated services such as cleaning, laundry, etc.

## Libraries

Pay late fees, buy digital copies, etc.

# We customise your configuration to suit your needs

## Personalising your solution

Polyright works in close collaboration with individual institutions to define a personalised payment solution adapted to their specific needs and the range of services they offer.

---

## Customised installation

Our team of experts meticulously customises the SECANDA app to every institution, integrating the selected services and adapting the app's functionalities to optimise the user experience.

---

## Training

Polyright offers comprehensive training for administrators to ensure optimised use of the SECANDA app, making the transition to a digital payment solution as smooth as possible.

---

## Technical support

Our technical support team is available to quickly resolve potential issues, carry out app maintenance and guarantee optimum performance of the SECANDA app.

# Switch your institution to electronic IDs and mobile payments

Contact us today for a detailed presentation of the SECANDA app and discover how our solution can be customised to meet the specific needs of your institution.
